

SPECIAL EDITION

April 6, 2018

**PROPOSITION 202 FUNDS:
\$195 FOR TEACHERS
IN MAY**

PROP 202 DISTRIBUTION

Funds from Proposition 202, the Indian Gaming and Self-Reliance Act, will be paid to teachers in the final paycheck in May. This second distribution for the 2017-2018 school year will be in the amount of \$195.00.

STATE TESTING: WE GOT THIS!

This week Flowing Wells students across the District were eager and prepared to tackle state testing with determination to do their very best. Thank you to everyone for your hard work this year preparing our students to "show what they know." Our students would not be successful without your important work planning lessons, teaching, re-teaching, and providing students with support, guidance, and encouragement. Kudos, Flowing Wells!

CONTRACT INFORMATION

Teacher contracts will be issued on **Wednesday, April 11th** at school sites. Because the Arizona legislature has not yet determined the District's level of funding for the 2018-2019 fiscal year, contracts will contain contingency language stating that the Governing Board reserves the right to increase each teacher's base salary following such legislative determination.

Each contract will contain a cover sheet that will include the current year's base salary (FY18), and the current year's Proposition 301 funding (FY18). Any increase will be written as TBD. Updated, accurate cover sheets will be provided to all certified staff this summer. We apologize for not having more specific figures or information available at this time.

Please remember that when you sign out your contract, you have **15 business days** to return your signed contract to your site principal. If you have any questions or concerns about your contract, please do not hesitate to contact District administration.
